Effort

We believe that even the smallest effort can make a significant difference. Every contribution, no matter how small, plays a vital role in transforming lives and uplifting communities

Your Donation Amount

Choose the amount you want to donate. Every contribution, no matter how small or how big, makes a difference.

Social Service

Our social service initiatives are designed to uplift and help the needy, poor and unemployed people.

Choose Your Product:

Depending on your donation amount, choose from a variety of unique and meaningful products specially designed to show our gratitude.

About Us:

Sarathi Credit and Cooperative Society is doing such a pioneering work that it is running various projects for poverty and unemployment eradication in collaboration with national and international level social institutions. Even though we are beginners in this project, we are making a new and humble beginning to be a part of the history. Thank you.

Poverty Alleviation:

We help individuals and families facing economic difficulties become self-reliant by providing them with essential resources such as food, clothing and shelter, as well as by operating poverty and unemployment alleviation schemes.

Health care :

Healthcare is a fundamental right. We organize health camps, provide medical supply, and help individuals suffering from chronic diseases to ensure that they get care that they need.

We prefer to help the poor and unemployed people to operate the abolition scheme.

Our Special Work:

Our organization has for the first time created an advanced help platform where people help each other and fulfill their individual needs and thus create a community of people working with humanity in the spirit of mutual help and cooperation.

Our Vision:

To create a social system in which people and humanity can feel proud in helping each other.
